03/06/2020 CIT Robbery

Colleagues, please note recent CIT robbery in Stellenbosch, WC. 3 Perpetrators approached ATM custodians and escort, dressed in FCS uniform, indicating they were additional escort personnel. They subsequently executed the robbery. This highlights a number of issues that our facilities must note:

- 1.) Guard against "ad hoc" deployments or changes of processes, where these have not been communicated through the correct channels.
- 2.) Trojan horse attacks may exploit COVID 19 issues. Compliance with standard processes are still critical.

04/06/2020 CIT Robbery

Boksburg GP
