

**SPECIALISED  
SECURITY SERVICES  
MIKE BOLHUIS**

---

**PROJECT:**  
**IMPORTANT BASICS TO  
REMEMBER WHEN  
CONNECTING TO FREE WIFI**

---

*WIFI is not just a nice-to-have commodity  
- it has become a daily necessity.*

*Free WIFI is a welcome luxury in  
our current economy.*

*Ensure the safety of your privacy when  
you connect to free WIFI services.*

---

## **ENSURE THAT YOU:**

### **1. ALWAYS USE "FORGET THIS NETWORK/DO NOT REMEMBER" MODE:**

- Never allow your device to “remember” the network – always choose “forget”.
- Frauds could create their own access point with the same name and thus get access to personal profile data if you come anywhere close to the WIFI again!

---

### **2. INSTALL AN ANTIVIRUS TO PROTECT YOUR PERSONAL DATA.**

---

### 3. CHECK THE WEBSITE URL:

- Always check the URL of the website you open for accuracy.
- Fake networks may redirect you to popular websites.
- If you see any weird characters in a familiar website's URL, it most likely means that this website is not authentic.

---

### 4. USE A SAFE CONNECTION:

- Be sure to **only** use a safe connection.
  - A safe connection is simple to identify: the URL starts with **https://** instead of the usual <http://>.
- 

## **5. NO INTERNET BANKING ON FREE WIFI:**

- Avoid doing internet banking in a free WIFI-space.
- 

## **6. USE A VPN:**

- If you aren't using the internet, rather switch the WIFI off.
  - The longer you keep it on without use, the more chances of your device getting hacked.
- 

## **7. KEEP ALL PASSWORDS ENCRYPTED:**

## 8. CHOOSE A NETWORK WITH TWO-STAGE AUTHENTICATION:

- Any network that doesn't require any authentication means that it is fraudulent.

**EXTREMELY IMPORTANT:** All potential clients need to be aware that owing to the nature of our work as specialist investigators there are people who have been caught on the wrong side of the law - who are trying to discredit me - Mike Bolhuis and my organisation Specialised Security Services - to get themselves off the hook.

This retaliation happens on social media and creates doubt about our integrity and ability. Doubt created on social media platforms is both unwarranted and untrue.

We strongly recommend that you make up your minds concerning me and our organisation only after considering all the factual information - to the exclusion of hearsay and assumptions.

Furthermore, you are welcome to address your concerns directly to me should you still be unsatisfied with your conclusions. While the internet provides a lot of valuable information, it is also a platform that distributes a lot of false information. The distribution of false information, fake news, slander and hate speech constitutes a crime that can be prosecuted by law. Your own research discretion and discernment are imperative when choosing what and what not to believe.

**POPI ACT 4 of 2013 South Africa:** Mike Bolhuis' "Specialised Security Services" falls under Section 6 of the act. Read more here: <https://mikebolhuis.co.za/popi-act-4-of-2013-section-6-mike-bolhuis/>

**STANDARD RULES APPLY:** Upon appointment, we require a formal mandate with detailed instructions. Please take note that should you not make use of our services – you may not under any circumstance use my name or the name of my organisation as a means to achieve whatever end.
